

AB15RT TORQ 15m Fall Arrest Recovery Device

TORQ 15m Fall Arrest Recovery Device is designed to provide fall protection from falls from height.

Anchored above the user, it gives the user a safe area of work. The retracting line pays in and out of the device as the user moves.

In the event of a fall, a brake engages, arresting the fall of the user with a controlled deceleration force.

The AB15RT has an integral winch mechanism, so in the event of a fall, the top man will be able to raise or lower the user to a safe area.

Swivel anchor eye on top.

Can be mounted onto Abtech Tripods and Davit arms for access and egress from a confined space

Product Code:
AB15RT

Conformance:
BS EN 360
BS EN 1496

Cable:
15m x 5mm Galvanised Steel

Max Recommended User Weight:
150KG

Weight:
10.40kg

Service Interval:
12 months
